I likely will cover this story neutrally without making any complete allegations, I likely also won't use all the evidence.

I'll be speaking to Lex over the next few days to hear her side too

She mentioned to me that she deleted it

That's a private chat, I'll disclose that information with you if I feel it necessary. I appreciate your help, she's given me a reason. That's between me & them till I have their consent to share it.

I'm listening to both sides

it's only fair

I will put it in my video

I haven't told her your side

& I only listen to evidence

You'll hear it in the video

she's responding to me over slides about her

I haven't seen any proof of harassment

I have seen them being genuine about what happened though

Tell me how you were harassed

that's what I'm asking of you

I need proof of that

I can't make claims without evidence

If you can't prove that they're doing it but are providing me evidence that they're a bad person, that doesn't make sense, you'll provide evidence for one thing but not another? If they harassed you, send me proof.

Do I need your permission to give an unbiased look at a situation?

From how you've acted I'm not sure that's 100% true.

Prove you were harassed and I'll agree with you & side with you.

This means I can't prove it.

I can't claim something with certainty unless I have evidence to prove it.

how could it "not be you"?

I've also noticed, both Lex's discord & Patreon (the only way to access the discord), say 18+ only.

So, could you explain to me, why Lex is at fault for minors getting into her 18+ server?

I also noticed you contacted Luke..

I'll also be messaging him & discussing it with him.,

He's a mutual discord friend

& we speak alot

I'm legal in the UK.

& I've covered much more serious drama

Lmao it doesn't matter about other parts of the world, I'm legal where I live.

I've had sex lol

It's not like I'm some innocent child

not really

you've brought a topic to me

I'm able to cover it

It's not morally wrong at all lol

Don't be stupid lol

I'm legal where I live

I'm able to view content like that where I live

There's nothing wrong with me looking at it or covering it

STOP BEING DUMB

I'm not a minor where I live

You literally did nothing wrong

England

In each **UK** nation, the **age of consent** (the legal **age** when people can engage in sexual activity) is 16-years-old.

THE AGE OF CONSENT FOR SEX

ENGLAND AND WALES

The age of consent to any form of sexual activity is 16 for both men and women. The age of consent is the same regardless of the gender or sexual orientation of a person and whether the sexual activity is between people of the same or different gender.

"Any form of sexual activity"

Meaning, viewing porn, discussing sex, etc.

I am legally capable of viewing, discussing & partaking in any sexual activity.

Therefore, you have done nothing wrong.

Harley 🍷 18/12/2020

That's your problem

I'm covering this if I decide to

You being immature isn't an issue to me

& stop trying to tell me what I can say & do

I'll be honest in saying you seem like you're the one in the wrong in this situation from the evidence I've seen from Lex.

I'll share that same opinion with Luke aswell.

that's not what they proved

they gave context to your evidence, explained their side & provided screenshots to defend themselves, along with a timescale for the whole situation.

All I did within these messages was, once, call the victim "dumb", which was rude & I apologized for that already in a community post. I also said I personally thought Lexet may have been in the right, these were my thoughts, not public statements.
